

Nadi Gathering

Offerings to the Earth with the Wiwa Community
Sierra Nevada de Santa Marta, Colombia
16th - 22nd FEBRUARY 2025

Nadi Gatherings are journeys of harmonisation with nature and of exchange with local wisdom keepers in sacred places. These are authentic experiences, lovingly curated with the help of connections nurtured over many years. We are never tourists! We are intentional participants, who seek to learn and to grow. The aim is to deepen our connection to the Earth and to one another and to unlock our individual and collective potential.

Walking with the Wiwa

We are honoured to be invited to spend two days with the Wiwa community, indigenous to the region. Together we will visit sites of spiritual significance as guided by the Wiwa elders - the Mamos and Sagas. We will take part in profound meditative offerings to the Earth, culminating in a final offering of ritual music and dance.

Practice & Nature's Magic

The Sierra Nevada is a place of magic and outstanding natural beauty. We will swim in waterfalls and take in the richness of our surroundings. We will practice Kundalini Yoga, meditation and breathwork and rejuvenate with sound healing and music. Upon our return from the Earth Offerings we will take part in a traditional Temazcal (sweat lodge) ceremony.

Nadi Landing Damanhur, Italy

27th August - 1st September

Nadi Landing is a six day gathering taking place at the intentional community of **Damanhur** in northern Italy. As a group we will share our gifts and explore our highest human potential, focusing on the central theme of **Inter Connection**. The event will be held collaboration with The Landing community from Oregon, USA.

Centre to the work at Damanhur are the extraordinary **Temples of Humankind** carved by hand over 25 years. We will spend time absorbing, sharing and mediating in the Temples; a programme unique to our group.

The programme also includes workshops, talks, ceremonies and explorations into sound, crystal and labyrinth technology. The Apazas from **the Inca Medicine School** and of direct lineage to the Inca Q'eros Nation, are travelling from the Sacred Valley, Peru to share their cosmovision and ceremonies and contribute to Damanhur's **Parliament of Peoples project**.

Each day we practice Kundalini, meditation, breathwork and other powerful modalities for alignment. In beautiful synchronicity, 31st August is **Damanhur's New Year** called Stellar Hawk, an invitation to embrace the spirit of celebration and of renewed emergence.
